

Faculty Recruitment

Moon Soul Graduate School of Future Strategy Korea Advanced Institute of Science and Technology (KAIST)

- Tenure-Track Positions: Assistant/Associate Professor
- Research Area: Science Journalism, Intellectual Property, Future Studies
- Location: Daejeon, Korea

Description

The Moon Soul Graduate School of Future Strategy at Korea Advanced Institute of Science and Technology (KAIST) invites applications for tenure track faculty at Assistant and Associate levels. Inviting areas science journalism (e.g., computational journalism, emerging media and AI, environmental communication, risk/persuasion communication, media law & policy, etc.), intellectual property (e.g., patents, digital copyrights, IP strategy, IP data analytics, AI technology & law, environmental laws, etc.) and futures studies (foresight, strategy, governance, climate change, economics, global health, demography, social welfare, etc.). Specialties are not limited to the examples above.

Qualification

Applicants must have a Ph.D. or should be expecting to achieve one before the appointment. CV, academic achievements, research & teaching plans and three letters of recommendation (on request, for invitees to job talk) should be sent by email to Faculty Search Committee. Applications will be accepted until the positions are filled, and interviews will be arranged to meet the individual circumstances. We strongly recommend you to send your application before the first-round review of the applications on February 28. The appointment for the successful applicant begins in fall semester 2022 onward.

Since we seek for applicants enthusiastic about working in the evolving multidisciplinary environment of KAIST, preference will be given to candidates

who show strong interest in building interdisciplinary collaborative research teams.

Requirements and Benefits

Tenure track faculty in the Moon Soul Graduate School of Future Strategy, KAIST is expected to teach six credits per year in the graduate level and classes are held on the Daejeon or Seoul campus depending on the course. Advising master's and doctoral students is mandatory. KAIST provides high seed funding for initial research and competitive salary as well as other benefits including faculty housing on campus and sabbatical leave every four year.

About the School
