

Invitation to the 7th Seoul Climate-Energy Conference 2020

Welcome to Seoul CEC 2020!

KAIST Graduate School of Green Growth and the Coalition for Our Common Future will together host Seoul CEC 2020 under the theme of "Green Finance and Business Creation in the Climate Crisis Era" on November 27, 2020 in Seoul.

Seoul CEC is Korea's leading trans-disciplinary platform fusing policy, business, technology, and international cooperation in the discussion for climate change and energy. Since its inception, the Conference has developed into a platform for hundreds of renowned members of the academia, business, industry and policy to forge determined and efficient green growth and sustainable development. In consideration of the growing pace of climate change, the Conference is as ever resolute in being the leading platform for prolific green growth and sustainable development for the introduction of new green generations and new green discussions.

The 7th Seoul CEC places heavy emphasis on global climate change discussions and international cooperation. Embracing the outcomes of the U.S presidential election would be marked as a major turning point in global climate policy, this conference endeavors to reestablish the roadmap of global leadership in the climate crisis era. Experts are expected to discuss the Green New Deal and Green finance, explore entrepreneurs' innovative strategies for sustainable development, and investigate the prospects of engaging young generations in climate change discussions. Members and Participants across all generations have the unique opportunity to take part in this trans-disciplinary, trans-generational international conference.

Due to COVID-19, the conference will be held virtually. We sincerely hope that you will be able to join this meaningful conference and share your insight and expertise with us.
